MIRIAM A. FERGUSON,
Governor of Texas.

Governor's Office,
Austin, Texas, Sept. 21, 1926.
To the Honorable Thirty-ninth Legislature of Texas in Called Session:
Gentlemen:

Acting under authority reserved in

the original proclamation convening you in Special Session, I hereby submit for your respectful consideration the following:

First.

The increase from one cent a gallon now levied and collected by law on sales of gasoline to three or four cents, as you may determine, and the appropriation of one-fourth of the revenues derived therefrom to supplement the available school fund for the common schools of the State to make at least \$15.00 per capita apportionment, and the remaining three-fourths to the maintenance and construction of the State highways and maintenance of the State Highway Department.

Second.

The substantial decrease of the present occupation tax levied on automobiles and motor vehicles and the appropriation of the remaining tax to be appropriated and set aside to the maintenance and construction of the county roads of each county under the supervision and control of the commissioners' court of each county.

I do not think that ad valorem taxes upon the farms and city and town real estate and personal property of the people should be further taxed, as this class of property now bears more than its proportionate part of the burdens of taxation, and for that reason I urge the tax upon sales of gasoline as a more equitable and uniform distribution of our tax burdens.

It appears from the records that in the last year the one cent tax now levied on gasoline produced in round numbers five and one-third million dollars, and upon this basis, which will increase from time to time, a three cent tax would yield sixteen million dollars. By appropriating one-fourth of this sum to supplement the available school fund the per capita apportionment can be increased to \$15.00 for all scholastics. From this tax there would then be left twelve million dollars, plus Federal aid, which would amount to approximately five million dollars, or a total of seventeen million dollars, for the maintenance and construction of State highways. Then the tax now collected and used by the State High-

way Department could be given to the counties for the upkeep of the county roads, and all this can be done without any increase in the present ad valorem rate for these purposes.

I am sure that the Legislature will appreciate the necessity of due and prompt consideration of the matters herein respectfully submitted.

MIRIAM A. FERGUSON,
Governor of Texas.

Simple Resolution No. 14.

Senator Woods received unanimous consent to send up the following resolution:

Providing for postponement of consideration of appointees nominated by the Governor to the Highway Commission and the Prison Commission pending the investigation of State departments by the Committee of the House of Represen-

tatives to be appointed under House Resolution No. —.

Whereas, The House of Representatives on the 16th day of September, 1926, adopted House Resolution No. —, whereby the Speaker of the House of Representatives was directed to appoint a committee of nine (9) members to conduct an investigation into the administration of the highway affairs by the state Highway Commission; to investigate the manner in which the public funds have been expended by the State Highway Commission; to investigate the manner in which contracts have been let by said commission; and generally to investigate all and every act of said commission; to investigate the State Treasury Department and the Railroad Commission, and sulphur interests, with the view of determining if the State is receiving the full amount due by the oil companies as taxes on gross production of oil as provided by law; to investigate the granting of pardons, paroles, furloughs, reprieves and commutations of sentence and the facts and circumstances connected with the granting of such acts of clemency; to investigate the letting of contracts and purchase of textbooks and the facts surrounding the letting of such contracts; to investigate the administration of public affairs by such other departments of the State government as in the judgment of said committee may be necessary for the promotion of the public good; and further, to make a thorough investigation of rumors that have heretofore been current in public press of the activities of members of the Legislature in the way of practicing before the Board of Pardons and the Highway and other departments of the State Government, and with reference to rumors of their being interested in highway construction and maintenance contracts; which last part of said investigation is directed to have the immediate attention of said committee with instructions to report its findings in this particular, if possible, during the present session of the Legislature; said committee otherwise to begin its investigation following the adjournment of the present Special Session of the 39th Legislature with authority to sit after the adjournment of the present session of the House of Representatives and continue to make said investigations at any and all times

between the adjournment of the present session of the 39th Legislature and the convening of the regular Session of the 40th Legislature; and,

Whereas, said House Resolution recites the existence of facts known to exist which have created a necessity and general demand upon the part of the people that the affairs of the State Highway Department be made the subject of investigation, and further recites the existence of a necessity and general demand for legislative investigation of the granting of pardons, and the facts connected therewith, and further recites the fact of public criticism directed toward the conduct of the Textbook Commission and the agencies and influences invoked to affect its action in the performance of book contracts; and further recites that the public interest demands the thorough investigation of all charges and complaints against the agencies which control and manage the affairs of the State, to the end that guilt, if guilt there be, be established, mistakes corrected and reforms had, which will advance and protect the public welfare as far as is humanly possible; and

Whereas, the results of such investigation may have important bearing upon the question of whether the appointees of the Governor to the Highway Commission and the Prison Commission nominated to the Senate at the present Special Session of the Legislature should be confirmed;

Now, therefore, be it resolved, by the Senate of the State of Texas, that pending said investigation the nominations by the Governor to the Highway Commission, the Prison Commission, Chairman of the Industrial Accident Board and the Assistant Attorney General before the Court of Criminal Appeals be, and the same are hereby postponed for consideration by the Senate of the Fortieth Legislature, if said nominations are submitted thereto.
